

Partners Update

January-February-March 2006

Newsletter of the Indiana Long Term Care (Partnership) Program

Partners Update Going Electronic

2006 will see many exciting changes with the Indiana *Partnership*. First on the list is the **Partners' Update**, our quarterly newsletter. This will be the last snail-mail issue of the *Update*. Starting with the March-April-May 2006 issue, the **Partners' Update** will be sent via e-mail to individuals on our *E-alert List*. We believe this is a much more cost effective, faster and efficient method to disseminate Program information.

We collected e-mail addresses from those who attended the *Seminars for Partners* continuing education sessions during June – December 2005. However, if you did not attend a session of *Seminars for Partners* you can still join the *E-alert List* now. Simply send an e-mail, indicating you want to be on the *E-alert List* to: Pam Atherton @ patherton@doi.state.in.us.

13th Annual *Seminars for Partners* C. E. Classes Scheduled

More Sessions! More Cities!!! New Providers!!!!

The schedule is set for the *Partnership's* 13th annual series of 3-hour continuing education courses, *Seminars for Partners*. For the first time, these select continuing education providers will present the classes: Insight LTCi, John Hancock Financial Services, Oberlin Marketing, and Professional Training Institute (PTI). This public-private partnership between the Program and the CE providers means that there will be more sessions in more cities for your convenience!

The *Seminars for Partners* registration brochure will be mailed to individuals on the Program's mailing list in late April. In the meantime, we hope you will mark your calendar for the session you plan to attend. The schedule for *Seminars for Partners* classes is found on the back, combined with the schedule of other long term care insurance continuing education classes. We are looking forward to a great series of classes with a great set of instructors. Questions? Contact Pam Atherton at patherton@doi.state.in.us or 317-232-4391.

**Remind your clients !
Take the State income tax deduction
available to *Partnership* policyholders!**

2006 Partnership Figures

Minimum daily nursing home benefit: \$110

State-set dollar amount: \$206,844
